## **NOTICE OF CLOSED APPLICATION**

We regret to inform you that, effective October 1, 2025, we no longer accept applications for Low Income Home Energy Assistance Program (LIHEAP) due to current funding limitations.

This decision has been made in response to recent funding measures and budgetary constraints that impact on our ability to continue offering this opportunity at the present time. We understand this may be disappointing, and we appreciate your interest and engagement.

We are actively exploring alternative funding sources and options to potentially reopen applications in the future. Updates will be provided on our website and through our official communication channels as new information becomes available.

For those who have already submitted applications prior to this notice, please rest assured that your submissions will be reviewed in accordance with our standard processes. We will contact you directly regarding the status of your application.

Thank you for your understanding.
